

MAXWELL MEARNS CASTLE CHURCH RESPONSE ASSESSMENT TEAM COVID-19

Unfortunately many of the core activities of MMCC remain suspended.

Please monitor latest news or the daily Church Calendar to follow updates.
Updates are likely daily.

We are now using the building in a limited way and are using video conferencing for Zoom Groups (house groups/prayer meetings).

We are exploring how we can help one another through this time.

Your Actions

The greatest onus is really on each of us following medical advice given by the Government which presently includes washing our hands well / regularly and controlling our coughing/sneezing/ not touching our faces/ minimizing physical contact with others.

Please pray. Please follow all the medical advice being issued.

Our God

God is sovereign and to be trusted even when outbreaks of Covid-19 and other dark shadows cast themselves over our lives.

He is Shepherd of His people and there is a peace to be known that comes with His presence whatever life brings to us.

Can Covid-19 separate us from the love of God in Christ? Be assured Romans 8 says a resounding NO!

Our Action

Pray for our world. Pray for one another. Pray that this might provoke a return to the Lord as we recognize afresh our vulnerability. We are not God! He is Creator, Sustainer and through faith in Jesus Christ, Redeemer.

As we steward ourselves through this period, the Kirk Session has set up an assessment team to monitor our response at MMCC to the Covid-19 concern.

This team includes some with medical expertise around infection control.
